

# HOW TO... SOIL YOUR UNDIES!

- STEP 1:** FIND A GOOD SPOT TO BURY YOUR UNDIES. THIS SHOULD BE IN SPOT THAT REFLECTS THE SOIL TYPE OF YOUR AREA AND IS OUT OF THE WAY.
- STEP 2:** ON BURIAL DAY (AUGUST 19TH), DIG A SHALLOW HOLE, 5CM DEEP AND LARGE ENOUGH TO LAY YOUR UNDIES ON THE BOTTOM. MAKE SURE TO TAKE A PHOTO OF THIS PROCESS!
- STEP 3:** LAY YOUR UNDIES ONTO THE BOTTOM OF THE HOLE AND BURY THEM WITH THE REMOVED TOPSOIL.
- STEP 4:** MARK THE BURIAL SITE WITH A CHALLENGE FLAG SO YOU'LL BE ABLE TO FIND IT AGAIN.
- STEP 5:** LEAVE THE UNDIES BURIED AND UNDISTURBED FOR EIGHT WEEKS. IN THE MEANTIME, PARTICIPATE IN THE EDUCATIONAL CHECKPOINTS AND GET TO KNOW THE HEALTH OF YOUR SOILS.
- STEP 6:** AFTER THE EIGHT WEEKS IS UP, CAREFULLY SCRAPE AWAY THE SOIL TO REVEAL YOUR SOILED UNDIES. DON'T FORGET TO GET PHOTOS!
- STEP 7:** PLACE YOUR SOILED UNDIES IN THE ZIP LOCK BAG PROVIDED, LABEL IT WITH YOUR ADDRESS AND RETURN THEM AND YOUR DATA SHEET TO UNE USING THE REPLY PAID PACKAGE.
